MEMORANDUM FOR: Deputy Director, NFAC

FROM :
Africa Division, ORPA

SUBJECT : Request to Speak Before Dartmouth College Student Group

I request approval to make an informal presentation to a group of Dartmouth students interested in foreign affairs on February 15. The invitation was issued by Ms. Eleanor Shannon under the auspices of a Dartmouth College Department of Government program which brings speakers to the campus once a month to discuss matters of general foreign policy interest. I propose giving an unclassified presentation on the "Prospects and Peculiarities of the Southern Africa Liberation Movements" focusing on the underlying tribal, ideological, sociological, and geographic differences and similarities of the liberation groups in Angola, Zambia, Namibia, and Mozambique. Ms. Shannon also requested that I attend a "breakfast seminar" and possibly one or two government classes the next day. Cost to agency would involve plane fare from Washington, D.C. to Hanover, N.H. and food and lodging in Hanover for two days.

STATINTL

I have discussed the content of the extemporaneous presentation and found it to be unclassified.
